

## **COLOURPOL ENVIRONMENTAL POLICY STATEMENT**

1. The Company recognises it has environmental duties and responsibilities for its operations. The Directors recognise that they have a duty to take an environmentally responsible approach both to existing activities and to possible new developments. This duty extends to office and storage yard operations as well as site works.
2. The Company will implement, operate, maintain, review and improve an Environmental Management System in accordance with BS EN ISO 14001: 2004 to assist with the management of environmental matters.
3. The Company, so far as is reasonably practicable, proposes in particular:
  - a) To minimise disturbance to the local and global environment, and to the local communities and wildlife.
  - b) To comply with applicable environmental legal and other relevant requirements.
  - c) To minimise use of energy and raw materials and to adhere to the principles of sustainability.
  - d) To consider the environment in the design of processes, products and services.
  - e) To provide information on the use and final disposal of products.
  - f) To have a commitment to continual environmental improvement and prevention of pollution.
  - g) To ensure that all employees and suppliers are adequately informed about the Company's environmental policy.
  - h) To minimise the use of product related materials and services such as packaging or transport.
4. Employees recognise their duty, whilst at work, to take reasonable care of the environment. Employees should also co-operate fully with the Company or anyone else concerned, to ensure that their obligations are performed or complied with.
5. This policy will provide the basis for setting and reviewing environmental objectives and targets.
6. This policy will be made available to the public or any interested parties upon request.
7. This policy will be reviewed by Senior Management to ensure continuing suitability.
